Jason Contento

Front End Architect at Anecure
New York City Metropolitan Area

Summary

See my personal portfolio here: <https://drivej.github.io/>

Experience

Anecure

Front End Architect

November 2019 - September 2025 (5 years 11 months)

San Francisco Bay Area

Build and maintain a web presence for the Swell mobile app, Swell corporate site, and Swell developers portal. My responsibilities include parity with core app features which include audio listening and recording UX with major browser support. I also built audio visualizations and concept designs.

Infosys Equinox

Associate Technical Director

October 2016 - November 2019 (3 years 2 months)

New York, United States

Lead construction of corporate web projects integrating client systems with a custom ecommerce framework and orchestration stack. My role involved discovery, analysis, technology allocation, architecting data flows, and creating a roadmap for the project as a whole. I then worked with the development team, guiding the process through QA and launch. Often, I would rapidly prototype products for the architecture process and pass those expectations to development for implementation into our stack.

Macy's

Interactive Development Manager

March 2012 - October 2016 (4 years 8 months)

My primary role is to lead a team of 4-6 engineers to build engaging websites for Macy's internal Digital Agency. I advise in capabilities and UX during the marketing and design cycle and plan the structure and programming of the final product. We currently work on a Node/Express/Heroku/Git stack for the websites. I also build and maintain middleware for operations management in

PHP, MySQL, SVN. We aspire to execute beautiful websites that can reach a wide audience.

Macys.com

Senior Interactive Developer

October 2009 - March 2012 (2 years 6 months)

New York, New York, United States

Team lead for interactive design and development working in Flash and JS.

Flying Point Media

Senior Flash Developer

October 2004 - July 2009 (4 years 10 months)

New York, New York, United States

Interactive designer and developer working in Flash.

University of the Sunshine Coast

Adjunct Faculty

January 2001 - August 2004 (3 years 8 months)

Taught Flash programming, game design and general web development while co-managing a University based international web-magazine. Created syllabi for 6 semesters of Flash and Web magazine production.

State University of New York Cortland

Adjunct Faculty

September 1999 - May 2000 (9 months)

Cortland, New York, United States

Prepare syllabus and teach web based, student run, publishing platform for an international web magazine with multiple desks located internationally.

This role covered server management, web page design and development, organizing writers and publishing schedules.

Education

University of the Sunshine Coast

Master's degree, Game and Interactive Media Design · (September 2002 - May 2004)

Bachelor's degree, Fine/Studio Arts, General · (1996 - 2000)
